Report from Nuevitas.

NUEVITAS, CUBA, *June 9, 1902.*

SIR: Through the chief quarantine officer for the island of Cuba, I have the honor to submit herewith the abstract bills of health issued at this port during the week ended June 7, 1902. During the week 3 vessels bound for ports in the United States were inspected and issued bills of health. The health of this port and town is good, the mortuary statistics reporting no death for the week. The weather begins to be very warm, with occasional rains.

Throughout the third quarantine district of the island general good health prevails, the sanitary condition being good, with no report of any quarantinable disease for the week.

Respectfully,

E. F. McCONNELL,
Acting Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.
